Notes:

The majority of the increases in spending over the initial budget are due to the journaling forwarding of 2 major expenses by our audit - the startup loan payoff (~\$218,000) and the tractor (\$13,000). The majority of the rest is a result of the ARRA spending that was approved for Special Education (~\$82,000). The remaning difference accounts for about 1.6% of the total expense budget.

With regards to the bond, we are required to have an amount equal to 10% of the annual bond expense as a buffer. Our total annual bond expense is about \$812,829. With this budget, our surplus is \$100,000 beyond that. We are also required, by the end of this fiscal year, to have 10% of our annual operating expenses in the bank as unrestricted cash reserves. If only our money market is counted, ignoring what we have in checking, we are currently at 12%.
