

Canvas Parent Access

Providence Hall high school has been using Canvas this past year. This student and teacher educational system allows assignments to be posted, syllabi to be uploaded, content and units to be outlined and followed by students, and teachers to post quizzes and interactive learning modules for students.

Currently students and teachers have been using this program. We wanted to give it a year so teachers could get their content up and going and students could get used to the platform.

We are excited to open this up to parents. The instructions below will guide you on how you can set up a Canvas parent account, pair this with your student(s) so you can see what's going on in your student(s) classes.

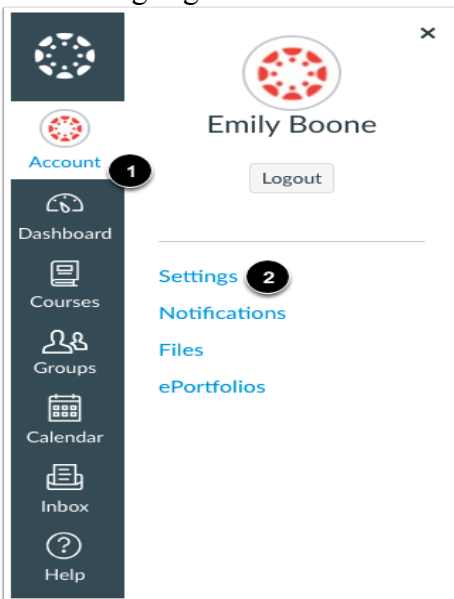

To set up your account you will **NEED TO HAVE YOUR STUDENT(S) WITH YOU AS THEY WILL HAVE TO GENERATE A PAIRING CODE IN THEIR CANVAS ACCOUNT (instructions on how to do this will be below)**
